

Happy Mother's Day

To the Eritrean Mothers who have taken care of our bright and beloved country.

The courageous woman who would put their souls and bodies in the most crucial perils. Dear mothers, you are truly special. You are the foundation of what is a young and beautiful country. You by the very means of this world have changed the true definition of mothers. You are not Eritrean mothers but mothers of Eritrea. You have sculpted a great nation and people with your potent hearts. Your very mind full of persistence and determination. Fellow Eritrean mothers the most unbreakable and unbearable souls we cannot thank you enough for what you have done.

Happy Mother's Day.

Love Dawit Daniel
