

On September 7th of 2013, Team EMENET had a successful breast and cervical cancer screening event at the Eritrean Association in Greater Seattle. The goal was to educate Eritrean women about the benefits of early detection and prevention of treatable cancers as well as to provide services to uninsured Eritrean women. Team EMENET will continue to organize this service at least once or twice a year. The team also held a successful EMENET benefit dinner on Sept 7th where the winning ticket of our raffle was drawn; the prize was either a round trip ticket to Eritrea or \$1800. We are glad to announce that the winner is Mr. Goitom Tekletsion of California. With the sales of the raffle tickets along with the generous donation of Eritreans in Seattle and other states, team EMENET was able to raise a total of \$15,000 towards our next shipment of Medical equipment and supplies to Eritrea. We would like to express our deepest appreciation to the Eritrean Association in Greater Seattle, BCCHP, Swedish cancer institute for the mobile mammography, and Eudora Carter for coordinating this event.

Thank you,

Team EMENET
