(100 Poplar Street [1st and Quebec], 80220)**

Building Strong, Conscious, Patriotic Youth

HIDRI PROGRAM MISSION

The HIDRI youth program empowers all Eritrean youth, ages 12-17, to be productive, socially responsible, and healthy members of the community, advocates for justice and recipients of a legacy bestowed upon them by our martyrs. Our martyrs paid a heavy price in order to achieve an independent Eritrea and Hidri will take the initiative to create a self sustaining and prosperous Eritrea. HIDRI's programs build the character, consciousness, confidence and skills of our youth through cultural preservation, political education, leadership development, academic support, life skills training, and community service.

HIDRI is a program sponsored by
