In a very peaceful, democratic and visionary election process, Santa Clara County Eritreans elected their Community Center leadership on February 20, 2011, here at our Eritrean Community Center, San Jose, CA.

Participants elected 5 members to lead the Community. More than 70 members and few observers were present in the event. While the election process started by reviewing the existing bylaws, more input has been shared so our Community will be successful in all fronts.

The new Committee has already started its duties to produce tangible results. Full participation of all members has paramount importance in order to bear fruitful outcome. Details of the strategy and progress that the committee has achieved would be disclosed to members, as needed.
