Dear Eritreans,

Our brother **Berhane Tecle** who reside in San Diego over 20 years is suffering from a cronic health condition.

As it is known to everybody, he tried his best to overcome his sickness but with no success. So he has decided to go to Eritrea to benefit from the love of his mother and sister. Also who knows change of air might help him for betterment.

So let's open our generous hands to help him alleviate the expenses of transportation and his daily maintenance in Eritrea.

The Eritrean Community Center – 3458 Adams Ave., San Diego, CA 92116 is open after 5pm for your help of contribution.
