Dear Community Members,

The Eritrean Community in Winnipeg recently celebrated 25 years of hard work, commitment and community devotion in Manitoba-Canada.

During these 25 years our Community has existed due to the interest, devotion and volunteer work of its committed members and the support of friends and benefactors. The memories and achievements of the community have been presented to you through several events, that we have on a yearly basis.

The present Board is appealing to its members and the Eritrean community at large, to come forward and participate on the Oct 25th, 2008 General Assembly and elections in order to determine together the future steps of the Community.

It is not exaggerated to say that the crucial challenges that the community is facing need to be addressed immediately. The possibility to grow is always there, as the foundations have been already firmly established. Though, the possibility of a stalemate in activities, also is imminent if we choose not to participate with more commitment.

**It is definitely your Choice!!!!!!!
and wise decision that will determine
growth in the community and
guarantee a fair representation, that
reflects our Eritrean-Canadian
Heritage and Interests.**
