International Resistance against the UNfair and UNjust Sanction

It has been almost a year since the illegal and unjust sanction has been imposed against Independent Eritrea. Eritreans, from all walks of life came together, in unison, to reject and annul this illegal and unfair sanction tailored by the United States of America and presented by Uganda. Our collective drive of February 22, 2010, in its demonstration against this sanction has registered a chilling effect on the designers of this sanction. To further annul and neutralize this sanction, as always, we've come together, once again, to demonstrate the World that this sanction by any means has to be reversed. Hence, we are working on two projects:

- 1) For the whole month, beginning this coming Saturday, November 20, 2010, every day evening hours, there will be letter writing, faxing, and phone calling drive to President Barak Obama and the United Nations secretary general, Ban Ki-Moon. Once again, let's show our solidarity against our sworn enemies in defending Mother Eritrea.
- 2) There would be an Action Day, on Wednesday, December 15, 2010 in our Community center between the hours of 9:00 AM to 6:00 PM. Stay Tuned. (*See the Address above*)

Justice, Freedom, and Liberty for all !

May the coming New Year bring Justice, Peace, and Prosperity to Eritrea and the Horn of Africa!

Eternal Glory to our Martyrs !
