

Seattle Calling!

“Hzbawi MeKete” Rolls on!

World Wide “Action Month”

November 20 to December 20, 2010

Why “Action Month”?

Imagine being sentenced to death without any legal representation!
And imagine being convicted without a due process of law!
Imagine, once convicted, there is no process available for appeal!
That is what the Obama Administration and the UNSC did to Eritrea. They sanctioned Eritrea based on trumped-up, fabricated and unsubstantiated charges!

To remain silent, is to accept the slow death sentence they want to render the nation and people of Eritrea. That is why Eritreans around the world are mobilizing, once again, to demand that President Barack Obama and UN Secretary General Banki Moon unconditionally repeal the UNjust sanction imposed against Eritrea.

Eritreans know they can not rest until this injustice is reversed. Thus, they have decided to reach out, in any way they can, to their communities at all levels be it local, regional or nationwide.

“The Illegal & UNjust Sanction Must be Repealed, and repealed NOW”!

The “Hzbawi MeKete” Committee of the Seattle Metro Area
