Eritrean Martyrs commemoration in San Jose, CA

Last Sunday, June 19, 2011, Eritreans in San Jose and environs commemorated Eritrean Martyrs Day with great enthusiasm and youth transformation in the recognition of the cause and in solidifying our unity and strengthening of our identity.

The commemoration started out with a minute of silence, followed by singing our National Anthem which the youth, along parents, took part.

During the commemoration, after the brief introduction of the event was done by the National Holiday Coordinating Committee chairman, Abraham Eyasu, poems were read by members of the Eritrean Community, especially the youth which was well organized by the YPFDJ members of San Jose's chapter. The youth had a marvelous role in solidifying the event by selecting and presenting touching messages through their well thought out speech and read poems.

The YPFDJ had organized two different meetings with young Eritreans under the age of 12 and older youth between the ages of 12 to 18, to highlight the event by educating and solidifying the knowledge the youth had as to the meaning of the event.

Members of NUEW had been part of this event in preparing food so we would share the commemoration day together that our dear martyrs fell in defending Mother Eritrea. Participants once more pledged to carry on the torch that our Martyrs had raised and promised to do more to help Martyrs families**.**

In demonstrating the unity and strength of Eritreans at home and abroad, hence to further strengthen the cause, every participant joined the letter writing event towards the Security Council members against the Unfair and Unjust UN resolution, 1907.

The event ended with a minute of silence, following a candle light vigil, in walking around the school campus, three times, after paying respect to the Martyrs' pictures displayed.

Eternal Glory to our Martyrs !
Wetru Awet n'Hafash !

National Holidays Coordinating Committee
San Jose and environs, California
