

Who killed Sandman Negus!

Is it the love he had, for his own country
Is it the admiration, he had for history
What was the real motive, behind banditry
Who killed Sador Fesehaye, in an alley entry?

Is it the identity, that connected his glare
Is it the message he had, for fair and square
What was the jealousy, that denied him to stare
Who shortened Sandman's life, in Crenshaw's neighbor?

Is it the skin color, his fair complexity
Is it the braiding hair, an Eritrean beauty
Who denied his life, in L.A. County
Who killed the wrapper, that resonates unity

So long our messenger, who connected "Barya"
Condolence to family and friends, AdiKa Eritrea"
So long "Ambassador", a champion of Sawana
Please rest in Eternal peace, we missed you Hawina !
