

I'd rather die Eritrean

Knowing that I'm an Eritrean

Believing all men are created as one

With pride and dignity self respecting African

Condemning servitude of the proxy Ugandan

I'd rather die Eritrean,

Than live opportunist moron

Maintaining tolerance between Bible and Koran

Co-existing society for love, peace, and fun

Defying submission to bigots of Anglo-Saxon

Reinforcing tolerance rejecting White man

I'd rather die Eritrean,

Than practice Satan

Blessed with leadership in a 30 years Veteran

Killing two birds in one stone in self reliance span

Rejecting sabotage of "The Economic Hit Man"

Supporting Eritrea in the new Marshal Plan

I'd rather die Eritrean,

Than become debt ridden none

Resenting policy, the Imperialist one

Motives of the “Border War” from Clinton to Bush’s son

Knowing what is at stake Under “UN”’s fan

Warsay-Yikealo defending “Spartan”

I’d rather die Eritrean,

Than return to square one

Sacrificing 65 thousand innocents to reverse what was done

Nineteen thousand more to dawn “Badme’s Sun”

Following the footsteps to what Martyrs have done

Defending Identity fulfilling what I can

I’d rather die Eritrean,

Than betraying the cause run

Fast rewinding history what Americans have done

In federating Eritrea, against our plan

Learning from history what Somalia has began

For greed and dominance, destroying African

I’d rather die Eritrean,

Than submitting for fabricated span

We will Never Kneel Down!

Eternal glory to our Martyrs !

Wetru Awet n’Hafash !
